Existing drainage shown by black lines. Scale: 40 Feet to an Inch. New drainage shown by full blue lines.

This diagram is the property of the Proprietor and is to be returned to him on completion of the work. Certificates for drainage and sanitary plumbing may be obtained on application at the office of the Board by the Drainer or Plumber concerned.

~~The Board accepts no responsibility for the suitability of the diagram in relation to the eventual position of the Board's sewer. When the sewer becomes available it will be necessary to apply for a revised diagram.~~

This work must be carried out in accordance with the Board's By-laws and Regulations. (4" dia. pipes may be used in lieu of 6" dia. pipes as shown on this diagram if the property owner so desires, provided that the relative levels of the sewer and house fixtures will permit of the pipes being laid with regulation grades and cover. For further information consult Board's Inspector)

This work will be tested from

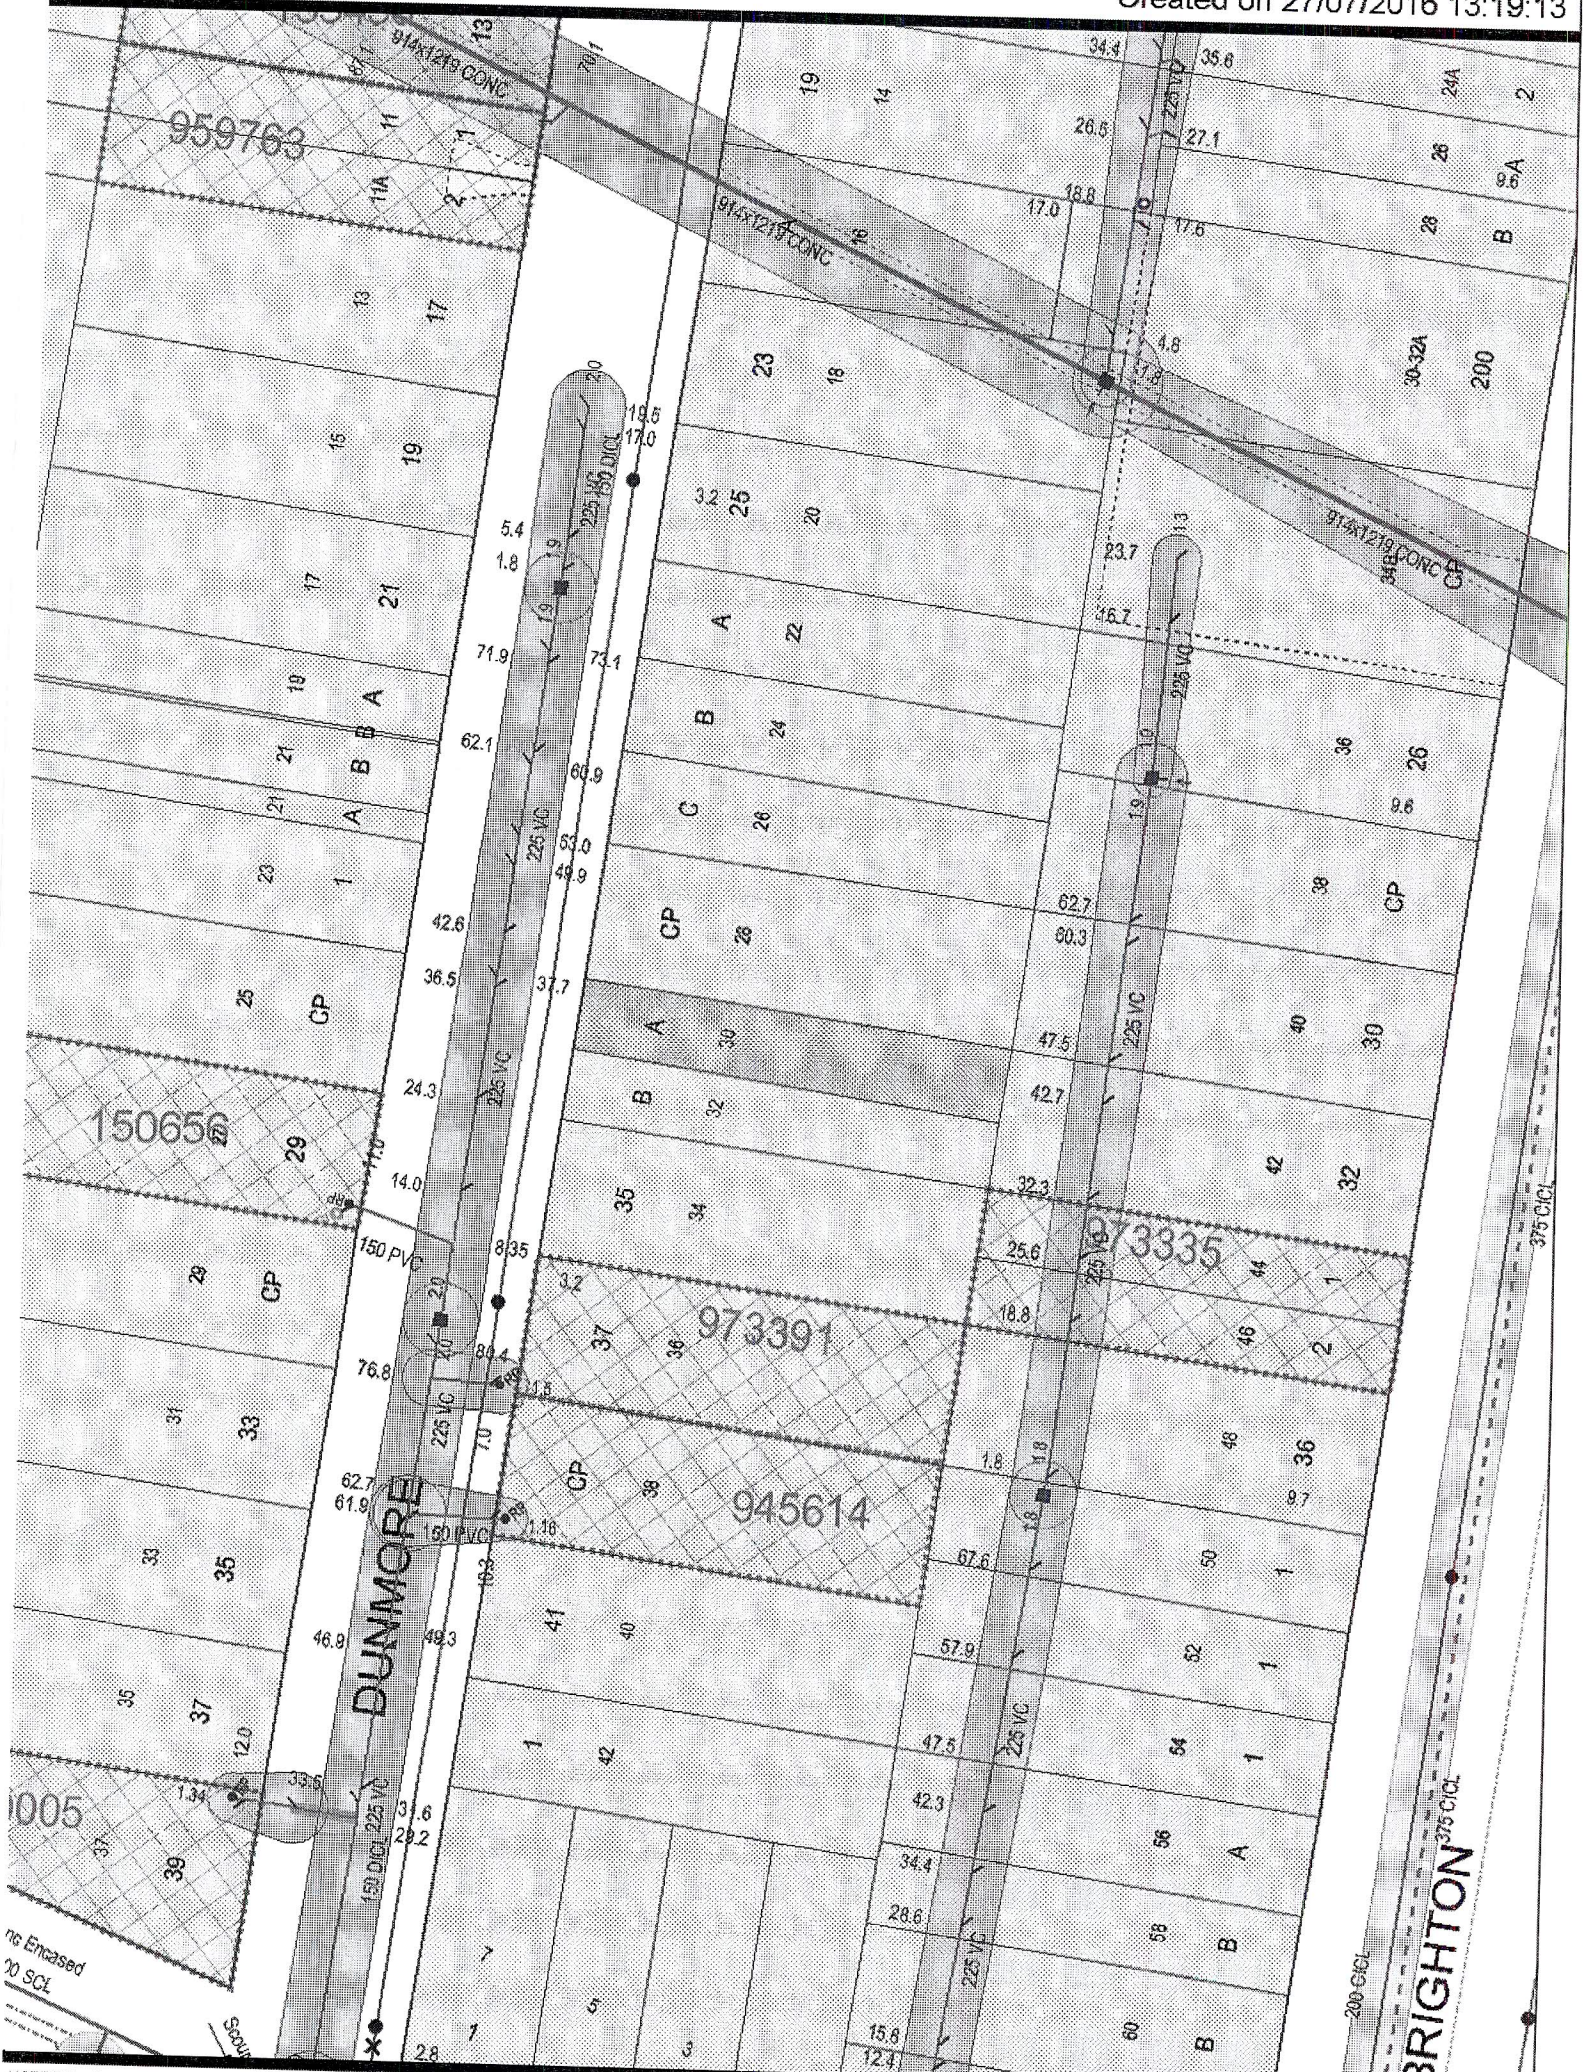

SHEET No 1345

For Engineer-in-Chief
